Art Unit: 1787

1. **Continuation of Box 5:**

2. In view of applicant's response (e.g. see first full paragraph on page 6 of the amendment), the 112-first paragraph rejections as set forth in sections 3-10 and section 12 as set forth in the Final Office action (FOA) mailed on 04/01/10 are withdrawn.

Support for amended claim 1 is found in the specification (e.g. page 32 line 8).

However, the Examiner notes that applicant's amendment has not overcome the 112-first paragraph rejections as set forth in sections 11 and 13 of the FOA.

3. **Continuation of Box 7:**

4. It is noted that applicant has amended claim 1 to include the thickness of "10 to 50 μm ". The Examiner notes that this limitation is still being met by the rejection as set forth on page 7, section 18 of the FOA.

5. **Continuation of Box 11:**

6. It is noted that applicant has continued to maintain his/her position with respect to the art rejections of record (see page 8 of the amendment). In response, the Examiner respectfully maintains the rejections of record and incorporates his comments with respect to applicants' arguments as set forth in the previous FOA mailed 4/01/10.

7. **Continuation of Box 12:**

8. The information disclosure statements (IDS) submitted on 04/15/10 and 06/03/10 were filed after the mailing date of the Final Office Action on 04/01/10. The submissions

Art Unit: 1787

are in compliance with the provisions of 37 CFR 1.97. Accordingly, the information disclosure statements are being considered by the Examiner.
